NOTICE OF 30-DAY FILING

On or about November 16, 2012, Northern Indiana Public Service Company ("NIPSCO") will submit to the Indiana Utility Regulatory Commission for approval under its 30 -Day Filing procedures, 170 IAC 1-6-1, et seq. a revision to Experimental Rate 665, Renewable Feed-In Tariff. The referenced filing will consist of NIPSCO's proposed amendment designed to reallocate 200 kW from the current small wind carve-out to the small solar carve-out portion of the capacity allocations under the Renewable Feed-In Tariff approved in Cause No. 43922. The revisions do not modify the purchase rates under or rates charged in direct association with the Renewable Feed-In Tariff. The revisions may potentially impact any Customer operating a small wind or solar Qualifying Renewable Energy Power Production Facility that may participate in NIPSCO's approved Feed-In Tariff. A decision on the 30-Day Filing is anticipated at least thirty days after the November 16, 2012 filing date. Any objection to the filing should be directed to (a) the Secretary of the Indiana Utility Regulatory Commission, PNC Center, 101 West Washington Street, Suite 1500 East, Indianapolis, IN 46204 or (b) the Indiana Office of Utility Consumer Counselor, PNC Center, 101 West Washington Street, Suite 1500 South, Indianapolis, IN 46204.
