NIPSCO[®]
A NiSource Company

At **NIPSCO**, even with a history of providing customers with the lowest prices for natural gas in the state, we understand there are still challenges associated with budgeting for your monthly utility bill.

Between the fluctuation in gas prices each month and the frigid temperatures that are common in a Northern Indiana winter, your monthly bill can be an unpredictable expense at times.

That's why we're offering the following helpful billing programs...

Budget Plan

Our **Budget Plan** program will help take the guesswork out of budgeting for your utility bill by letting you know how much you can expect to pay each month. It's free, it's easy and it helps you better manage your monthly expenses.

Through our Budget Plan, you will:

- See a reduced fluctuation in utility payments
- Receive periodic reviews that help you adjust for unexpected increases
- Balance settle-ups will be applied to future bills or spread over a 12-month billing cycle

DependaBill

Pay the same gas bill amount each month regardless of weather or natural gas price changes for a 12-month period. **DependaBill** is a totally predictable, guaranteed, fixed monthly natural gas bill.

Your guaranteed monthly DependaBill amount is based on:

- Individual usage history
- Past temperature trends
- Anticipated gas prices

The DependaBill program includes all required program fees and has no year-end balance or settle-up fees. It's easy to enroll by phone or online.

Price Protection Service

Our **Price Protection Service** adds a sense of predictability to your bill by letting you lock in your natural gas commodity price so you never have to worry about market fluctuations. It's a great way to budget your bill and add some certainty to your life.

Through our Price Protection Service, you will see the following benefits.

- Avoid fluctuations in market price—pay the same amount per therm for 12 months
- Bill only varies depending on your usage
- Helps you budget and prevents bill spikes resulting from market instability
