Enroll in our Budget Plan

Take the guesswork out of budgeting for your utility by balancing out the seasonal highs and lows and know exactly how much you need to pay. It's free and it's easy to join!

How It Works

Your budget amount is based on:

- History of gas usage at your address
- Adjustments for normal weather conditions
- Current and projected costs of natural gas

Your account is periodically reviewed to keep you on track with your actual account balance.

Balance settle-ups can be applied to future bills or spread over a 12-month billing cycle.
