

WE'RE UPGRADING OUR SYSTEM

PROVIDING YOU
AND YOUR COMMUNITY
RELIABLE SERVICE
NOW & IN THE FUTURE

NIPSCO[®]
A NiSource Company

[NIPSCO.COM/PROJECTS](https://www.nipSCO.com/projects)

WHY ARE WE MODERNIZING OUR SYSTEM? Just like the nation's aging roads and bridges, portions of the natural gas and electric system are nearing the limits of their original design.

NIPSCO's modernization plan pro-actively addresses these critical areas before they become problematic.

SYSTEM MODERNIZATION UPGRADES OFFER MANY BENEFITS TO YOU AS A CUSTOMER

- **Ensures** safe and reliable service for the future, with enhanced safety features
- **Identifies** and eliminates potential recurring outages caused by an aging system
- **Attracts** new businesses and allows existing businesses to expand
- **Supports** hundreds of direct and indirect jobs, including local trades, associated with upgrade projects

YOUR SAFETY IS IMPORTANT: STAY SAFE

This work is performed by NIPSCO crews and approved contractors.

All of our employees and contractors can be identified by marked vehicles and also carry a photo ID.

If you are unsure of a person claiming to be a representative from our company, you can call us first at **1-800-4-NIPSCO**.
