

Program Quality Inspectors

NIPSCO's Residential Energy Efficiency Program

Random Inspections

Customers are chosen for a random inspection to verify the rebate type in which they applied. If you are chosen, you will be contacted by one of the individuals listed to the right to set up a date and time for a brief equipment inspection.

Inspections Are Part of Program Terms

Allowing an inspection to be performed is part of the terms and conditions for participating in the following programs:

- Home Energy Assessment (HEA)
- Energy Efficiency Rebates Program
- Income-Qualified Weatherization Program (IQW)
- Multi-Family Direct Install (MFDI)

For more information, please email TRC* at NIPSCO.SaveEnergy@TRCcompanies.com or call **1-800-721-7385**.

We strongly encourage you to participate in the inspection process so we can make sure the program is providing the best quality service for you and other NIPSCO residential customers.
