

COMMUNITY CONNECT NEWSLETTER

2026 SPRING

Dear Community Partner,

At NIPSCO, we believe safe, reliable energy service is key to powering thriving communities. Throughout the first quarter, we continued working alongside local leaders, businesses and community organizations to support thoughtful growth, community well-being and long-term opportunities across northern Indiana.

This update highlights how we are partnering with communities on economic development readiness, investing in corporate citizenship and engaging with stakeholders on issues that matter locally. We are committed to being a reliable partner, a responsible neighbor, and a contributor to the places we serve.

Thank you for your continued collaboration and leadership. We look forward to building this momentum in the months ahead.

Sincerely,
Rick Calinski
NIPSCO Director Public Affairs & Economic Development

Customer Care Centers

In recent months, NIPSCO held a series of Community Care Center events focused on fostering connections and providing essential resources to customers across northern Indiana. These events featured informational tables on a variety of topics in response to customers' questions and concerns about their winter bills and affordability.

Attendees received shared materials, guidance on navigating customer services, and the opportunity for community members to engage with more than 30 NIPSCO representatives that took the time to meet with customers one on one. Materials shared with customers during these events, can be found here: [NIPSCO.com/Bill](https://www.nipSCO.com/Bill)

KNOW WHAT'S BELOW
DIG WITH CARE

Contact 811.
Allow required time for marking.
Respect the marks.
Excavate carefully.

IT'S THE LAW.
Avoid possible penalties, costly repairs or injuries.

NIPSCO urges homeowners and professionals to contact 811 before any digging project.

If a natural gas line is damaged or a gas odor is detected, individuals should **STOP** work immediately, **LEAVE** the area and **CALL 911** and **NIPSCO at 1-800-634-3524** from a safe location.

For more information about safe digging practices, visit [Indiana811.org](https://www.Indiana811.org) or [NIPSCO.com/811](https://www.nipSCO.com/811)

Strengthening Communities through Economic Development

NIPSCO has actively contributed to economic development growth in northern Indiana by partnering with local leaders and organizations to foster business expansion and community well-being. The company has played a vital role in powering businesses and industries across the territory we serve. In 2025, NIPSCO has agreed to provide energy to new investment projects that will total over \$618 million invested and over 2,700 jobs created in the communities we serve. These projects included major opportunities such as Ozinga and Slate Automotive and included over \$618 million in investments and added over 2,700 jobs.

Investments in energy infrastructure and collaborative efforts have helped position northern Indiana as a competitive location for digital businesses, including data centers.

As described in our IURC filings, NIPSCO's data center contracts with Amazon and Alphabet are expected to deliver \$1.4B in cost savings to our electric customers, without existing customers paying for any of the generation or other investments needed to serve the new large-load customers.

Introducing NIPSCO Generation LLC (“GenCo”)

NIPSCO Generation LLC (“GenCo”) is a newly approved entity designed to own, build and operate generation assets that meet the rapidly growing energy needs of northern Indiana’s data center industry.

With this structure, NiSource can support significant regional economic growth while protecting existing NIPSCO customers and ensuring reliable, affordable service for decades to come.

GenCo Four Pillars

- ▶ **CUSTOMERS FIRST:** GenCo was created to shield NIPSCO’s existing retail customers from costs associated with serving new data center customers.
- ▶ **GROWTH READY:** By operating as a separate entity, GenCo is best positioned to meet the demands of new data center customers quickly and flexibly.
- ▶ **FINANCIAL STABILITY:** GenCo enables NiSource to make prudent investments, manage costs effectively and create predictable cash flows.
- ▶ **FUTURE FLEXIBILITY:** GenCo allows for quick adaptability as energy markets evolve, ensuring that the company can pursue future opportunities on behalf of the region without compromising customer value.

Responding to Community Needs

In response to the devastating storms that ripped through Jasper and Newton County, including the significantly impacted Lake Village, NIPSCO with support from the NiSource Charitable Foundation, mobilized resources to assist with relief and recovery efforts.
