December 17, 2015

As required in the Coal Combustion Residuals Rule, 40 CFR §257.106(i)(1), and 40 CFR §257.107(i)(1), NIPSCO is submitting this notification of intent that Michigan City Generating Station Primary Settling Pond #2 is initiating closure. Primary Settling Pond #2 is an inactive CCR surface impoundment closing under 40 CFR §257.100(b). Details regarding how the CCR surface impoundment will be closed, a schedule for completing closure activities, and the required certifications can be obtained on the publicly accessible internet site, in the posted closure plan.
