SHARED SYSTEM CREDIT MECHANISM

Sheet No. 1 of 2

TO WHOM AVAILABLE

This Rider shall be applicable to Rate Schedules as identified in Appendix A.

ADJUSTMENT OF CHARGES FOR SHARED SYSTEM CREDIT

Customer Charges in Rate Schedules 611, 620, 621, 622, and 642, Customer Count for Rate Schedule 641, Demand Charges in Rate Schedules 623, 624, 625, 626, 631 Tier 1, 632, 633, 643, and 644, and Lamp or Service Drop Charges in Rate Schedules 650, 655, and 660, are subject to adjustment to pass back revenues associated with use of NIPSCO's existing system in providing service under a special contracts under Rule 2.2 (the "Shared System Charges"), as follows:

Customers taking service under Rate Schedules 611, 620, 621, 622, and 642 will receive a monthly Customer Charge Credit (increased or decreased to the nearest \$0.01) for each location for which a Customer Charge is assessed, and Customers taking service under Rate Schedule 641 will receive a monthly Customer Count Credit (increased or decreased to the nearest \$0.01), calculated in accordance with the following:

$$\text{Shared System Credit} = R / N$$

Where:

"R" equals the actual prior six (6) month Shared System Charges
"N" equals the six (6) month number of customers based on the most recent approved NIPSCO electric base rate case

Customers taking service under Rate Schedules 623, 624, 625, 626, 631 Tier 1, 632, 633, 643, and 644 will receive a monthly Demand Charge Credit (increased or decreased to the nearest 0.001 mill (\$.000001) per kilowatt (kW)), calculated in accordance with the following:

$$\text{Shared System Credit} = R / D$$

Where:

"R" equals the actual prior six (6) month Shared System Charges
"D" equals the six (6) month demand (kW) amount based on the most recent approved NIPSCO electric base rate case

Issued Date
