

# ELECTRIC UPGRADES IN YOUR NEIGHBORHOOD

## WHERE WE WILL BE WORKING:

## WORK ZONE SAFETY TIPS:

- Temporary road and lane closures are expected. Signs will be posted ahead of time and detours will be in place.
- Drive with caution around our work zones. Follow the direction of traffic signs and on-site crew. We will do our best to keep traffic flowing whenever possible.
- Keep your family and pets safe by staying away from construction areas.

## MORE INFORMATION:

- Look for door hangers on your front door and/or additional information in your mailbox that may have additional project updates.
- Talk with members of our team on site during the project.
- Contact us at 1-800-4-NIPSCO (1-800-464-7726). *Please reference Gary - Mississippi electric upgrade when calling.*

Note: If you have received this information and you are not the current property owner, please forward this information to the landlord or property owner immediately.
